EXPERIENCE

FEB-2024 – PRESENT

SENIOR SOFTWARE ENGINEER, MERCEDES-BENZ RESEARCH AND DEVELOPMENT

My responsibilities have included:

- My responsibilities included developing APIs for an internal project using JAVA, Spring Boot, JPA, and PostgreSQL.
- As a full stack developer, I undertook the creation of screens using React.js, HTML/CSS and the seamless integration of APIs with the frontend.
- I undertook troubleshooting and debugging, adeptly identifying and resolving technical issues within the APIs to deliver robust solutions.

JUN-2023 – JAN-2024

SPECIALIST SOFTWARE ENGINEER, SOCIETE GENERALE

My responsibilities have included:

- API Development: Contributing to development of APIs of a migration project running from old application to new application using JAVA, Spring Boot, JPA and MySQL.
- Frontend Development: as a full stack developer I am responsible for screen creation and Api integration with frontend using React.js.
- SonarQube: It is my responsibility to run SonarQube after writing the code and work on vulnerabilities, code smells.
- Troubleshooting and Debugging: Identifying and resolving technical issues within the APIs and provide effective solutions.

FEB 2021 – 09 JUNE 2023

JAVA DEVELOPER, IIFOCOMM IT SERVICES PVT LTD

My responsibilities have included:

- Project Development: Contributed to the development of an online sale purchase and blog web application using Core Java, Spring Boot, Hibernate, Spring MVC, JPA, and MySQL.
- API Development: Designing and implementing various APIs to enable seamless communication between different components of the web application, ensuring efficient data transfer and integration.
- Troubleshooting and Debugging: Identifying and resolving technical issues within the application, employing debugging techniques, and troubleshooting methodologies to ensure smooth functionality.
- Database Management: Utilizing MySQL to design and manage the database schema, ensuring data integrity and optimal performance for the web application.
- Collaboration and Teamwork: Working collaboratively with cross-functional teams, including designers, testers, and project managers, to ensure successful project delivery and meet client requirements.
- Continuous Learning: Staying updated with the latest trends, best practices, and emerging technologies in the Java ecosystem to incorporate innovative solutions and enhance development processes.

FEB-2020 – FEB-2021

WEB DEVELOPER, FREELANCER

- As a skilled freelance web developer with one year of experience from Feb-2020 to Feb-2021, I have specialized in the following areas:
- Developed and deployed a functional Ecommerce website (<https://kangpharma.in/>)
- Skills used: React.js, JavaScript, Bootstrap, HTML/CSS.
- Developed and deployed a website for a clinic (<https://drgeetasurrogacyclinic.com>)
- Skills used: React.js, Bootstrap, JavaScript, HTML/CSS.

Collaborated closely with the client to understand their requirements and delivered projects within the set timelines.
